

To all Mini Maxi Racing Category Owners:

Below is the revised wording of rule 2.5.2.1 of the 2013 IMA class rules. This change was approved by ISAF and became effective on 1 March, 2013.

2.5.2.1. MINI MAXI FLEET

2013 text:

"The Mini Maxi Fleet may be divided into Racing and Racing/Cruising Category. The upper limit for LH for the Racing Category is 21.946 metres (72 feet) and the maximum IRC TCC for 2012 is 1.600. The maximum IRC TCC in subsequent years will be assessed annually by the IMA ATO, with the approval of the officers, to account for annual revisions to the IRC rule which result in changes in the calculation of IRC TCC and may increase or decrease. The maximum LH and TCC (as annually assessed) requirements will be in effect until 2017."

The IMA ATO has assessed the changes to the IRC rule with cooperation of the IRC Rating Authority. The result of that assessment is that the maximum IRC TCC for 2013 is 1.600, the same as it was in 2012 for all events where the IMA class rules are in effect.
